

PT Berkat Samudra Gemilang Lines ("BSGL" or the "Company"), acting on behalf of PT LNG Nias Gasifikasi, a special purpose company established by PT PLN Energi Primer Indonesia ("PLN EPI") and BSGL, hereby invites qualified and experienced shipyards to register for participation in the tender for the construction of one (1) newbuild 3,000 CBM LNG Carrier (the "Project"). The LNG carrier will support LNG transportation and supply operations for gas-fired power generation facilities in Nias, North Sumatra, Indonesia. The registration process is intended to:

1. Provide prospective applicants with preliminary information regarding the Project and the subsequent tender process;
2. Identify shipyards with the relevant technical capability, experience, financial capacity, and available resources to undertake the Project; and
3. Facilitate the issuance of the Request for Proposal ("RFP") documents to applicants that satisfy the applicable registration requirements.

Interested participant may obtain registration document, including the registration requirements and submission procedures at:

Website <https://me-l.co/57jnn6l2>

or Scan Barcode

The Registration Documents, together with all required supporting documents, shall be submitted no later than: **28 August 2026, 11:59 PM (Jakarta Time)**

For any inquiries or further clarification regarding the registration process, please contact:
procurement.nias@jsk.co.id

Jakarta, 21th of August 2026
